Recommendation letter

Broj 197

Datum 26. 11. 2018 god.

MLADENOVAC, STOJANA NOVAKOVIĆA 2

Agricultural Advisory and Expert Service Mladenovac in partnership with the Ministry of Agriculture, Forestry and Water Management, has been involved in providing advice as well as educating farmers for many years. Our goal is to provide all interested farmers with more information on subsidies, and to provide them with advice on how to increase their yield contributions based on the accompanying soil analysis.

It is my great honor to write a recommendation for Marija Vukovic as Director of the Agricultural Advisory and Expert Service Mladenovac. Until recently, I was Marija's director. I consider her a capable and clever person who successfully coped with all the challenges and who was a reliable contributor. Marija Vukovic worked in our service as a part-time associate from 2015 to 2018 at four-month intervals, initially on data entry and later in the laboratory on agrochemical soil analysis. Marija is a capable, independent and communicative person who successfully overcomes challenging tasks. Her duties were to carry out the whole process related to agrochemical analysis:

1. Sampling,
2. Taking over collected samples and registering them in the system,
3. Entering the samples in the laboratory,
4. Analysis,
5. Data and result entry,
6. Processing results,
7. Preparation and verification of supporting documentation that was submitted to the Ministry for control.

Marija proved to be a good team player who is always ready to help but also as someone who is not afraid to take on the initiative and role of the team leader. During work, she showed ability to handle all of the problems on her own initiative, thereby demonstrating that she works extremely well under pressure.

If you have any additional questions regarding this recommendation, feel free to contact me on e-mail pss.kosmaj@eunet.rs.

Sincerely,

Milica Jankovic
